

Curl Mesabi – Membership Dues Increase

Like many, Curl Mesabi has felt the impact of rising prices, the most notable being our utilities. Electricity alone increased by over 19% in the 2022-2023 season.

With the financial stability of Curl Mesabi in mind, the board finds it necessary to implement a dues increase for the 2023-2024 season, the first in more than 15 years. If we take no action, we will deplete our operating funds within four years.

The dues increase will be 15-20% for most members while remaining comparable to other area clubs. The [website](#) has been updated to reflect this increase.

In addition to a dues increase, other new revenue streams are being considered. A program for corporate events has been created and will launch this season. In-ice advertising is being discussed. Rental fee increases, both on- and off-season, are being prepared for 2024-2025.

We do not take the decision to increase dues lightly. With this change, we will be able to continue to serve you, our members, and the curling community on the Iron Range at the highest level.

If you have any questions, comments or concerns, please reach out to any of our [board members](#).

Thank you and good curling!
