- World Curling rules apply, unless otherwise indicated below or explained at the Team Meeting.
- The Women play a round robin in one group with the Olympic Play-off System (1 v 4 and 2 v 3). The winners of the semi-finals will advance to the Gold Medal game while the losers play the Bronze Medal game.
- The Men play a round robin in two groups. The group winners advance directly to the semi-final games. The teams ranked 2 and 3 in each group will play qualification games across the two groups (A2 v B3 and B2 v A3). The winners of those games will advance to the semi-final with A1 playing the winner of the game B2 v A3 and B1 playing the winner of the game A2 v B3. The winners of the semi-finals will advance to the Gold Medal game while the losers play in the Bronze Medal game.
- All games will be ten (10) ends, with extra end(s) to break tied games.
- First named teams in each draw play the stones with the dark-coloured handles, and wear dark coloured upper playing garments. Second named teams in each draw play the stones with the light-coloured handles, and wear light coloured upper playing garments.
- There will be a nine (9) minute practice for each team before each round robin game. The practice starts 30 minutes before the scheduled game time. The team with the first practice during the round robin will be the team with dark stones except for the games highlighted in the draw where a coin-toss will decide first or second pre-game practice.
- The last stone advantage in the first end of the round robin games will be decided by playing LSD stones as per World Curling rules.
- The ice for all post-round robin games has been predetermined as shown in the official draw.
